OUR MEMBERSHIPS

When conducting business, knowing whom to trust is a significant challenge. NEXUS membership reduces this risk by providing access to a community of founders and professional service providers.

Membership tiers have been designed to fit a founder's business profile. With our popular Innovate + tier, members gain access to the NEXUS Investor Network, which funds innovative businesses and can connect with vetted mentors and service providers. Additionally, members can build relationships at events and access a reliable international business network.

APPLYING FOR MEMBERSHIP

MEMBERSHIP REQUIREMENTS

STARTUP FOUNDER STATUS

Members must be founders or co-founders of a startup, with participation in a previous reputable accelerator or incubator program.

GROWTH TRAJECTORY

Applicants must have traction in their business, such as revenue milestones, user base expansion, or successful funding rounds will be prioritised.

INNOVATIVE & SCALABLE BUSINESS MODEL

The business must be based on a highly innovative idea with a scalable model that has the potential to disrupt industries and create significant impact.

A grayscale photograph of a modern interior space. On the left, a woman sits in a large, egg-shaped pod chair, talking on a phone. In the center, two people are seated at a long wooden table, working on laptops. On the right, a woman stands next to a vintage-style bicycle. The background features a brick wall and a clock on the left. The text 'MEMBERSHIP TIERS' is overlaid in large, white, bold letters, with a horizontal line and a dot positioned below the letter 'P' in 'TIERS'.

Alice Camera

“Really proud to have been accepted onto the NEXUS programme. The world has changed in recent years, and an #ESG strategy is hugely important and can no longer be ignored by founders. The programme is the second cohort launched by the great team at NEXUS aimed at helping us learn more about all these issues.

We're excited to take the learning from this programme and apply it to how we run our business over at the Alice Camera. Thanks for having us!”
